

## International School Bangkok

### Lindamood-Bell

**Seeing Stars April 24 & 25, 2012**

**Visualizing/Verbalizing April 26 & 27, 2012**

Lindamood-Bell Learning Processes was founded in 1986 by Nanci Bell, Patricia Lindamood and Phyllis Lindamood. Lindamood-Bell programs teach children and adults to read, spell, comprehend and express language. Lindamood-Bell is an internationally recognized leader in reading research and literacy development.

#### **April 24 & 25, 2012 8:00 am to 4:30 pm**

The Nancibell® *Seeing Stars*®: *Symbol Imagery for Phonemic Awareness, Sight Words and Spelling Program* successfully develops symbol imagery and directly applies that sensory-cognitive function to sight word development, contextual fluency, spelling and increasing the speed and stability of phonemic awareness. The program begins by visualizing the identity, number, and sequence of letters for the sounds within words, and extends into multi-syllable and contextual reading and spelling.

#### **8:00 am to 4:30 pm, April 26 & 27, 2012**

The Nancibell® *Visualizing and Verbalizing for Language Comprehension and Thinking*® (V/V®) successfully stimulates concept imagery. Individuals become able to image gestalts which include color, and even movement. This improves their language comprehension, reasoning for critical thinking, and expressive language skills.
